

## **Improvements to Casitas Springs**

The following are improvements that I have made to Casitas Spring Mobile Park since December 2022.

- Installed 3 electric metal posts in 3 different areas throughout the park
- Cut trees around space #1 due to overgrowth and to reduce potential risk of damage
- A new sign with the name of the mobile park was installed for better visibility
- Upgraded and installed 2 new commercial washer machines in the laundry room

Future changes:

This upcoming weekend the electrical box for space #36 needs to be upgraded and will be replaced

Do not overload  
machines it is  
causing Belts  
To Break  
Thankyou
